

Recipe

Yo-Yo Wreath Sweatshirt

For each wreath you will need:

- 25 large Christmas yo-yos
- 7 small Christmas yo-yos
- 12" of 3/8" red or green satin ribbon
- 6 yards of coordinating embroidery floss
- Fleece sweatshirt
- Chenille needle
- Washable fabric glue

Cut the ribbing from the sleeves and bottom of the sweatshirt. Pin 1" of the raw edges to the outside and press. Stitch in place with a blanket stitch using six strands of floss.

Position 18 large yo-yos in a circle on the front of the shirt. Alternate large and small yo-yos on the inside of the large yo-yo circle (see diagram).

Glue the yo-yos in place with washable fabric glue. Tie the ribbon into a bow and glue to the wreath.

Note: This yo-yo Christmas wreath would make an attractive embellishment for a scarf, tree skirt, table runner, tablecloth or other decorative accessories for the holidays.

Note: Yo-Yos are hand-made and sizes of finished projects will vary.
